## Praise and Thanks

June 2009

Dear Friends,

Looking back over my 44 years as a missionary, I am amazed how God raised up some of the most wonderful friends like you to voluntarily be involved in my ministry...many of you go back 24 years when I was in Papua New Guinea. I am truly blessed. May you experience more of God's love and protection in these difficult times. Together, we are accomplishing great things for His glory.

Thank you again for your faithful prayers and support; we could not do what we do without you. God is amazing and so are you. The impact of the funding you provide cannot be overestimated.

There are so many beautiful responses in how God is using Laszlo Mission League.

Your gift is significant. It really counts. We know things have been difficult for many, but challenging times make it clear just how important the message we share is for people at this time. Get ready to be amazed at what God is going to do...and keep pressing in and pressing on.

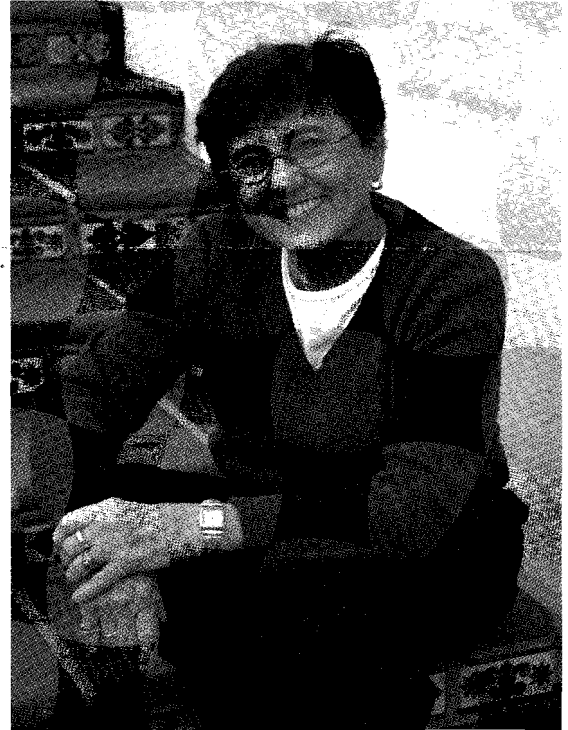

Yes, God is using you to touch the lives of thousands of people as you continue to support Laszlo Mission League. Thank you to those of you who pray so diligently. You are a blessing to God.

Your generosity (friendship) means the world to us. You are making a difference, and I know that God will reward you for your faithfulness.

These past six months from January – June, God continues to show up in many amazing ways. I spoke in 19 states to a total of 14,616 people and 15 flights.

At times, maybe we've all felt that what we give isn't much, but that's not how God sees it. He works through people like you and me. He multiplies loaves and fishes and whatever is available. It's God stuff... essence of miracles. Thank you for giving.

Our goals for Laszlo Mission League are to see people come to know the Lord and to encourage the body of believers to be active in their witness – people need the Lord.

*Marilyn Laszlo*

# Encouraging Words

Here are a few responses from people who have heard me speak these past few months. May these words encourage you to keep pressing on toward the things you believe God is leading you to do.

*God used this past weekend (Feb 28-Mar 1) in so many ways in my life and the lives of others. Everyone I talked to had something to say about what they heard. In fact, we have friends coming over Saturday night to "debrief" from the conference. I know that the primary focus of the weekend was missions, but God just does not seem to be limited by our agendas. He used this weekend to speak deeply into my heart about my usefulness. Thank you again for being here."*

*My wife and I were so blessed to hear your stories and the challenge to serve while visiting our daughter at Biola University a couple weeks ago. After your last session, my wife paid for the "Come by Here" DVD. We want to share this with the high school students in our youth ministry."*

*Many years ago I heard Ms. Laszlo speak at Teen Missions, Florida and have never forgotten her stirring message and neither did my son who is a missionary now in BKK Thailand with MTW."*

The following is from my Alma Mater. The celebration of my class of '59'. I also spoke to the graduating seniors. Bryan College, Dayton, TN.

*It was so good to have you in our home and get better acquainted with your ministry over the years. Your classmates were also grateful to have the opportunity to reconnect with you. We have received lots of comments from the graduates and appreciated so much the contribution you made to the program. You gave them such a wonderful challenge when you welcomed them as Bryan College Alumni. Connecting the new graduates to the heritage of the past Bryan alumni is a great way to encourage them as you challenged them to be missionaries wherever they find themselves planted. Our past alumni like you have made a difference in our world for Jesus and your example as you stood before them was great. We can add to that by sending your book to each of them. Remember the welcome mat is out whenever you are in the area to stay with us. As you know we have lots of room and the fellowship is even better.*
