# February 2007 Dear Partners and Friends,

To all who have given generously and prayed faithfully, thank you for helping us as we share God's Word with thousands every month. Your commitment and generosity are a special blessing! May God bless you in knowing that you have been used in a central part of our ministry. I am constantly amazed at the many vessels God uses to pour forth His blessings and Spirit to fulfill His great commission. January was an astonishing month with some very unique opportunities that the Lord laid before me.

## It started in Pasadena, California, at the US World Center for Missions,

Dr. Ralph Winters' dream center. All mission organizations are represented there. It is an amazing place. I had the privilege to speak a couple of times to the staff of about 100.

Dr. Winters started the perspectives training center, and the book entitled *Perspectives*, which he wrote is now being taught throughout the country. I have the privilege of being a speaker for this course at several places each year. In fact, this year I will be one of the speakers for the class right here in Valparaiso, Indiana. This is a graduate level course that you can take for credit. It is an amazing book, and the class should be required for every church leader. It is a remarkable book, *Perspectives*. Check out their website at [www.perspectives.org](http://www.perspectives.org)!
